

TOE JACK

TUNJKTOE10-20

- Hydraulic toe jack with multi-function head and toe lifting mechanisms
- Quick, smooth effortless operation by hand
- Lifting points on the toe and head allows for a versatile lifting
- Ideal for lifting low weight points and working in confined spaces
- Toe constructed from strong mould casted alloy steel with no welded or bent parts to weaken the material
- High strength return spring enables rapid ram retraction
- Swivelling pump handle assembly allows the operator to access and pump the unit from a variety of positions
- Built-in safety valve prevents over-pressurization
- Internal overflow valve functions as a stroke limiter
- Convenient carry handle
